ROLL NO: 230701320

NAME: Sivaruhith S

Create a prototype with familiar and unfamiliar navigation elements. Evaluate ease of use with different user groups using proto.io

Screen 1:

Home page:

Familiar Icons:

1. Hamburger Menu (☰) - Top Left:

- A common icon representing a collapsible navigation menu.
- Clicking it usually opens a sidebar with options like Home, Settings, and Profile.

2. Search Icon (🔍) - Below the Heading:

- A widely recognized icon used for searching within the app.
- Clicking it typically opens a search bar where users can type queries.

3. Three-Dot Menu (⋮) - Near "Trending Styles":

- Represents more options or actions related to the section.
- Often used for settings, sorting, or additional functionalities.

Possibly Unfamiliar Icons:

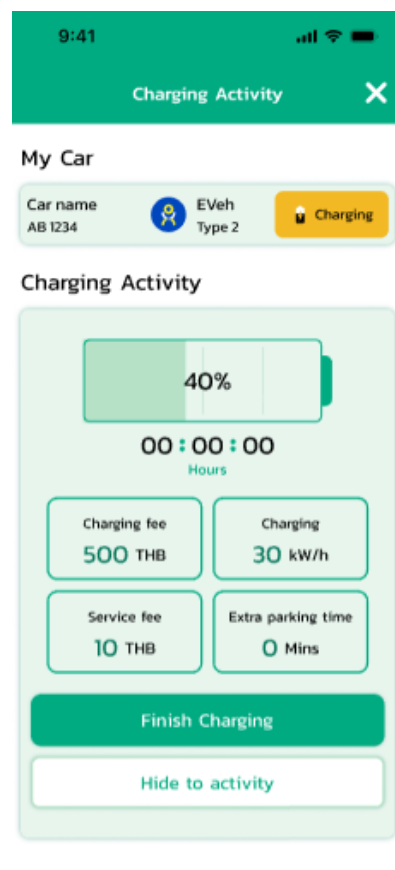

1. Explore Button:

- This is not an icon but a button that might lead to more details or booking options for the resort.
- It's common in travel and e-commerce apps but might be designed differently.

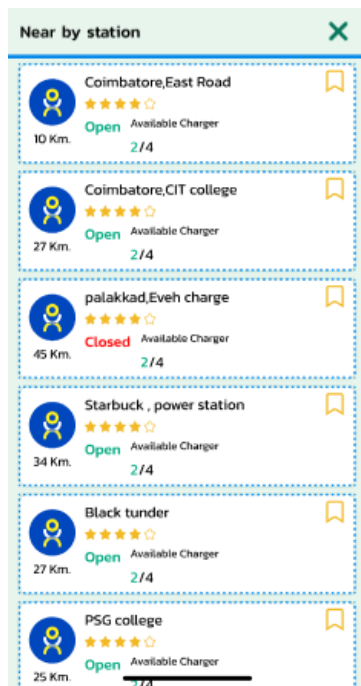

2. Time (08:04) - Top Right Corner:

- This is a standard phone status display but may also indicate a feature like a time-based greeting or notification.

Screen 2:

Screen 3:

Familiar Icons:

1. Back Arrow (←) - Top Left Corner:

- A widely recognized icon used for navigation.
- Clicking it will likely take the user back to the previous screen.
